

Infant/Toddler Developmental Check-In

A Body-Mind Centering Approach with Dr. Martha Eddy, CMA
Thursday, October 13th at
The Center for Kinesthetic Education
\$35 per class

Enjoy supporting your infant or toddler's development by observing and interacting with up-to-date neuro-motor information guided by a developmental movement therapist every month.

- ◆ *Learn holistic parenting/child rearing tips*
- ◆ *Have motor developmental goals identified for your child*
- ◆ *Support your child to socialize joyfully and dance with your child*
- ◆ *Small group sessions (3 – 6 children with parents/care providers)*
- ◆ *Benefit from a wide breadth of knowledge from Dynamic Embodiment and Empire State graduate students also present at the check-in*

**Please Join Us for a Special
Session of Infant/Toddler
Development at
